

SPECIAL ANNOUNCEMENT

April 1, 2011

HARBOUR LINK CONTAINER SERVICES INC. JOINS WESTAC

The Western Transportation Advisory Council (WESTAC) is pleased to welcome Harbour Link Container Services Inc. as the Council's newest member. Mr. David Payne, President, will be Harbour Link's official representative to the Council. Mr. Gordon Payne, Director and Mr. Marc Tews, Controller will be the alternate representatives.

Harbour Link Container Services Inc. (HARBOUR LINK) is the name of the successor company of BTT Canada Inc (BC Division) (BTT) which provides intermodal container transport and off-dock container terminal services to all sectors of the container shipping community. The name change to HARBOUR LINK signifies the change of the company's ownership to the Payne Group as an independent "neutral" provider of container services to shipping lines and all sectors of the container trading community, including freight forwarders, brokers, big box retailers, importers and exporters.

HARBOUR LINK operates from a 10.8 acre fully paved and purpose built inland container terminal located at 7420 Hopcott Road (Tilbury Island), Delta, British Columbia, Canada. This location enables HARBOUR LINK to efficiently accommodate the inter-port connectivity needed by all sectors of the container shipping community that use Port Metro Vancouver both locally and between other regions within Western Canada and the US PNW, including Seattle and Tacoma.

About WESTAC

WESTAC is a non-profit association of major transportation organizations, represented by senior business, labour and government decision-makers. Its objective is to promote transportation as a critical sector supporting trade, jobs and our high standard of living. Visit www.westac.com for more information.
